

Teammates Commercial Interiors Fact Sheet

Teammates Commercial Interiors (www.team-mates.com) is a Denver-based, privately owned office furniture dealer that sells and services a wide range of office furniture products – ranging from desks and seating to cubicle systems, movable wall systems and more. Founded by three friends with experience in the office furniture industry, Teammates has built a strong reputation for superb customer service, and a consultative approach fostered by the company's independent status. Unlike many of its competitors, Teammates is not owned by a furniture manufacturer, nor does it have exclusivity agreements with these manufacturers. This independent status allows for independent product recommendations based exactly on what clients need vs. being tied to one specific manufacturer. In 2001, Teammates was named to the Inc. 500 list of the "Top 500 Fastest Growing Private Companies." In 2002, the company announced the purchase of a centrally located Denver office building, of which the renovation/expansion will be completed during the fourth quarter of 2002.
