**Teammates Commercial Interiors Wins
Contract with Blue Sun Biodiesel**

Lakewood, CO January 1, 2008 – Teammates Commercial Interiors announced today that it has been awarded a contract to supply office space design and installation services to Blue Sun Biodiesel LLC. (Blue Sun.)

Blue Sun is relocating their Headquarters to the new Aardex Signature Centre; the largest LEED Certified Platinum Speculative Office Building in the U.S.

As a producer of premium performance and renewable diesel fuel, Blue Sun is very focused on sustainability in all aspects of their business, including office environment. Teammates will provide Teknion workstations, Casegoods and reconfigurable wall systems; all of which are Green Guard certified for indoor air quality and meet the LEED Platinum certification standards of the Aardex Signature Centre. To that end, Teknion's Altos reconfigurable architectural walls allow the maximum natural light to enter the space while having the flexibility to support future growth and change with minimal environmental impact.

"Blue Sun has an aggressive growth plan in place, and it was important for them to have a partner that could help them manage that growth from an office environment perspective; Teammates is that partner." Stated Blue Sun's Tenant Representative, Carrie Mesch of MESCH Commercial Real Estate. "We are proud to have represented Blue Sun since their very first move, and continue to keep all aspects of their future growth in mind. Flexibility and value are key."
