Teammates Commercial Interiors Completes Baxa Corporation's New Headquarters

Lakewood, CO | November 10, 2010 – Teammates Commercial Interiors (Teammates) recently completed furniture consulting, specification and installation services for Baxa Corporation's new headquarters.

Baxa – a Denver based medical device manufacturer – centralized their corporate and administrative functions, now occupying three floors at Maroon V; located at the Meridian International Business Center in Englewood.

To furnish the new, state-of-the-art Baxa office space, Teammates relocated and reconfigured 90% of the company's existing furniture, seamlessly adding new product to fill any gaps.

"Teammates was a true partner on the project. They got involved early in the planning and decision process and were able to provide critical input on budget development and workspace solution strategy. Their talented design team demonstrated the benefits of combining our existing product with new product – enabling us to realize the significant economic benefits of reconfiguration, while creating a fresh look for our new space" noted Laurel Ditson, Baxa Vice President of Organizational Development.

In addition to planning furniture and employee relocations to minimize downtime, the project also required that the Baxa call center experience no service interruptions or lost production time. Through collaboration with Baxa, Teammates Project Management developed a complex eight-phase installation to reconfigure and install all three floors against a tight, three-week schedule.

"With the existing foundation of Teknion's flexible and scalable "Leverage" product, we were able to fulfill the design and space requirements of Baxa Corporation's new headquarters, and deliver a versatile and efficient workspace solution with minimal employee disruption," noted Teammates' President, Michael Berkery.

Teammates has provided Baxa with furniture-related products and services for more than ten years. For this installation Teammates worked with Acquilano Leslie Inc. and Project One Integrated Services, LLC.

###

About Baxa Corporation

Baxa Corporation is a Denver-based manufacturer of medical devices and systems for preparing, handling, packaging, and administering liquid medications. The company manufactures and markets a wide range of healthcare products for use in hospitals, critical care units and alternate-site pharmacies. distribution partners worldwide. Further information is available at www.baxa.com.

About Teammates Commercial Interiors

Teammates Commercial Interiors, a Denver-based, privately held office furniture dealer was founded in 1995 by Michael Berkery and Bob Neuman, two friends with strong backgrounds in the commercial furniture industry. Locally owned and manufacturer-independent, Teammates offers a wide range of office furniture, including everything from desks and seating to cubicle and movable wall systems. The company offers more than 200 different product lines but focuses on a core group of 20 manufacturers, including its flagship product line: Teknion. In 2001 Teammates was named to the Inc. 500 list, a designation earned for being one of the "Top 500 Fastest Growing Private Companies". In 2006, Teammates located to a new and modern facility located at Belmar, often referred to as Lakewood's "newest hot spot." Teammates can be reached at (303) 639-5885, or www.team-mates.com.
