SEPTEMBER 7, 2011 – SEPTEMBER 20, 2011

## PROJECT OF THE MONTH

### Teammates completes Arapahoe County District Attorney's office

Locally owned Teammates Commercial Interiors recently completed furniture design and installation services for the Arapahoe County District Attorney's Office.

The Arapahoe County DA worked with Teammates and Burkett Design to consolidate three offices into one and move 150 employees into their new building. The goal was to create a budget friendly space that was both functional and comfortable.

In the "Breakroom," a common space with multiple functions, traditional leather couches are mixed with more contemporary café tables and collaborative lounge chairs (with integrated tablets,) to give the legal staff a quiet space to read case law, review files, have lunch and, of course, take a break.

A large conference room is fitted with Egan Visual's V-Series Mobile Stands. These mobile dividers and marker boards can partition and re-arrange the space on an as-needed basis, providing flexibility and cost savings over fixed wall construction.

Burkett enlisted Altos Architectural Walls by Teknion to create a small private space in an otherwise unused nook. Similar to using of mobile dividers, architectural walls create needed space without the cost and disruption of hard-wall construction.
