**Teammates Commercial Interiors Completes Furniture Installation  
for Xanterra Parks & Resorts**

**Lakewood, CO June 4, 2010** – Teammates Commercial Interiors (Teammates) announced today that it has completed furniture installation services for Xanterra Parks & Resorts (Xanterra) – the nation's largest park concessions management company in the U.S and a subsidiary of the Anschutz Company.

Xanterra subleased additional space in their existing building to accommodate their growing call center as well as the Anschutz acquisition of the American Railway Explorer Inc. Included in the sublease agreement were the previous tenant's furniture systems and private office furnishings.

"By pure coincidence, the product we acquired was the same product we use in our Furniture Standards Program. Though the furniture had been there for some time, Teammates' talented designers were able to replace panel fabrics, update finishes and reconfigure the systems furniture to successfully integrate the acquired product with newly purchased product and what we already had in our existing space," noted Becky Ritter, Xanterra's Director of Purchasing.

"Teknion's highly versatile systems and desk furniture, combined with creative design solutions, not only enabled Teammates to meet Xanterra's economic and environmental goals, but also preserved a consistent aesthetic and culture across their entire work environment," noted Robert Neuman, Executive Vice President, Teammates Commercial Interiors.

American Railway Explorer, Inc. will begin booking this summer for 2011 multi-day, luxury rail excursions that will cover much of the country and several national parks including the Grand Canyon, Glacier, and Yellowstone national parks.
